“ Well, Betty, I was saddened to see your obituary today! You were a PIONEER in the Products of the Hive field, and we fought the FDA and helped to form DSHEA together. I remember you as a FUN, go-getter that didn't let anything or any ONE stand in your way of having a great time of LIFE! Robson Honey and later Desert Health Products brought propolis and royal jelly (not to mention a ton of pollen and HONEY) to millions of satisfied customers around the world. I know you are stirrin' up creativity and new ways of thought in other dimensions and with other great Creative Geniuses. Just sayin' "Hi!" from 21st Century Earth.

“ Just a note to say how much we have loved getting to know Betty, Her love for God was unquestionable. I talked with her a couple of weeks ago, on the phone and she told us how much she loved her church family. Margie was one of her best friends. God bless and keep you all. Our prayers for all of you.

“ Mom, Miss you a lot this morning. Wish I could call and read the Scriptures to you and sing songs like we used to do. Wish I could give you another hug. You raised wonderful sons and I know you are proud of them. We look forward to the next time we'll see you--Resurrection Day :) We rest as you do, in the arms of Jesus.

“ Grandma,

Still so hard to believe you are gone... I miss you terribly each day. Knowing that you are in a better place and aren't suffering anymore brings me peace. I will forever cherish our times together and smile when I think of you. Grandma, you had tremendous strength that I hope to have one day. It makes me happy that Amelia was able to meet you and bring a smile to your face. There will definitely be alot of stories I share with her about you. I love you so much! You will forever be missed. There will only be one Betty Jean Robson.

“ My deepest condolences to the family. Losing a dear loved can leave a very empty space in ones life. Please find strength, hope, and comfort in the God of Comfort. (2Cor.1:3,4)
