Buddy played for me during a couple of concerts and we always laughed and had a great time. He said he loved to hear me sing, which was such a wonderful complement. Buddy was always so kind, relaxed and a wonderful musician. - Linda Miller

“ *I first met Buddy when I was a young accountant at ITT Cannon Electric in Phoenix around 1970. The plant was located next to Sky Harbor Airport and Buddy would fly his plane to work daily from Camp Verde . How cool was that!*

Many years passed until a few years ago when our local organization asked Buddy to play at our Christmas dinner. I re-introduced myself and we shared a number of good memories.

“ Buddy was a wonderful friend who shared his musical talent with all who had the pleasure of knowing him. We will miss going to the country club on Friday nights to hear his music. He could always play a requested song, and enjoyed trying to stump the audience with music trivia. Our thoughts and prayers are with Minnie, who was so fortunate to share many happy years with this wonderful man.
