“ *Our sincere condolences to Mary and family. Thanks to Dave, I survived my required college physics class to graduate. Over the years, we worked on custom electronics projects and shared years of great friendship with travel adventures in Texas and New Mexico. He took me to White Sands and the VLA radio telescope to get the VIP tour, to the great four corners point where 4 states meet and almost getting lost in the mountains of Arizona. He inspired me about astronomy by looking at the Milky Way Galaxy from the pitch darkness of the New Mexico desert night instead of pictures in a book. Dave had a great impact on my life and for sure many others. We will miss him very much. Chuck & Dixie Zappala, Bellevue, WA.*
