“ *When it came time to ‘meet the parents’ of Debbie I was a little anxious, even though I am not an anxious person, because it is a very important relationship. Immediately, Donna made me and all my children and grandchildren her own, which has meant very much to me through the years. Donna and I had several things in common. We had diabetes, which oddly has been comforting to me at times to have had that; we rarely threw anything away once it became a possession; we wore a sleeping mask, and both very stubborn in a number of different matters and perfectly OK with that. I will miss sharing this with Donna. I know Donna loved all of her family and loved J L without limit. Thank you, J L, for taking such tender care of your wife and the mother of your children and showing us what true love and devotion is. J L, Debbie, and Jay—I was painfully lost after my mother and father died, but in prayer have comfort and contact with them.*

“ Donna Suttles-my Nana has been one of the biggest influential members of my family since I was just a small child. Nothing I say can truly express how I feel for her. She has given me knowledge and wisdom throughout my life and I will cherish this always. My Nana will be remembered and continue to be loved by friends, family and those closest to her heart. I love you Nana. I will miss you always.  
Sincerely, Andy Haws

“ Donna became my NANA the day I met her. She smiled and gave me a hug and said I would always be a part of her family and she loved me. I'll never forget the way she made me feel that day. It was a true blessing to become not only a grandkid but a friend. She always welcomed me with her beautiful smile and a warm hug. I enjoyed every minute I ever spent with her. I LOVE YOU NANA! She will be greatly missed and forever in my heart. My heart hurts for you Papa. I love you both!

“ Donna was one of the special people in a little town made up of special friends who since have spread far and wide over this earth. I mostly remember her as a sweet young girl from a wonderful family who grew up in the 50's. Donna was Mike's older sister and was a friend of my older brother. I remember her as being dainty and sweet with a smile for me and an ever pleasant greeting. Our sympathies and condolences are sent to JL and their children, grandchildren other family and friends in the loss of a wife, mother, grandmother and friend. May your memories give you peace and light during the dark days ahead in a world without Donna. God Bless!
