“ *What can you say about a friend that always had a smile and a kind word for a kid who grew up seeing her most days for years. Evelyn was the kindest, nicest person that I knew. I will miss you dear.*

“ *Flo and I have lost a great friend. We have known her since she came to work at the race track in the 1960s. She quickly rose to Director of Operations and reservations. Her employees adopted her smile and willingness to help. Her warmth was felt by everyone who came in contact with her.*

Evelyn came from a different world than we have today. She was truly caring for everyone and everything she did. She made a difference. Everyone she met was a little better for it.

And we will miss her a lot.

“ Aunt Evie:
It was always a highlight of the summer when she came "home" to visit. So it was only right that my first plane trip was to go visit her. My favorite memory is when Tom & I took her to Laughlin and I was the "banker". Every visit and trip we had with Aunt Evie is now a treasured memory and I am thankful for each and every one of them.
