“ *Ginger you are missed!! We are so thankful for the short time we had with you. You had become my muscle and I think I told you I love you everyday I saw you. Your light and want to make our lives better will be remembered! Love ya girl!*

“ *Ginger was taken way too soon! She joined our firm about two months ago and showed us what a great person she was. She was an amazing assistant! She knew what needed to get done and took care of us. She quickly showed me that she was there to help me and our clients have a better quality of life. I thanked her for returning to the office with her eager, friendly and always stylish personality. I think I told her I love you daily. Ginger is and will be missed. Whoever we hire for her position has very big shoes to fill! Love you girl! Thank you for blessing us with your light 🧡❤️!!!*

“ *We are so very sorry that we have lost Ginger. She and Samuel always had something to talk, or more than likely, joke about. We wish we could be there today to give family support. Know that we love you all and hope to see you soon.*

“ Ginger started working with us as a financial service assistant about 2 months ago. During that time we were getting to know one another. It was clear that she was going to be a great addition to our team. She was a professional and eager to assist with anything that was needed. We were lucky to spend some time with her and she brightened each day with her bubbly personality. I and we miss her dearly. I am sorry for her family and pray that they find peace and cherish the memories, of which I am sure there are many.

“ I have nothing but fond, fun memories of Ginger. Always with a big smile, and always very loving, kind and brave. We were Pom-Poms in High School, and graduated together. She was a precious soul taken way too soon! She'll never know all the lives she touched, including mine. God bless you sweetie, and God bless your family as they start the healing process. Until we meet again to dance and laugh...
