“ *Jackie was a best friend to me since we were 13 and I first moved to Chino Valley. When I moved away we kept in touch all these years. Sent each other Christmas and birthday gifts every single year since then. She made my babies quilts. We wrote and texted each other regularly and she will always be a favorite of mine. We last visited on July 30th. A month later I texted and for the first time ever she didn't respond. I think I knew then. I am heartbroken. I knew she was struggling and tired, but she always was optimistic, looking for the best. I love you Smack. I will miss you so much. Billy, Bill & Lena, I am so sorry for your great loss. Jackie was one of a kind and I will miss her terribly.*

“ I worked with Jaquie at The Stockmen's Bank in Prescott Valley, I am very sad to hear of her passing. Unfortunately we lost touch after Stockmens closed. I had no idea that she had MS. My sincerest condolences go out to Jacquie's family and friends. Her family meant everything to her. Rest in Peace.

“ Well I have known Jackie, Billy, Bill and Lena for over 45years, our kids played together as young children. Jackie grew up to be a beautiful young lady, loved the outdoors and went with the guys scouting for deer and elk. I know she will be truly missed by myself, her friends and especially by her mom, dad and her brother. will See her on the other side. Love from Gene, Fuddy and the whole Audis family. Just take one day at a time. Time will ease your pain, so glad Jackie was a part of my life.

“ *My husband & I met Jackie through my son, Scott. We visited with her while in Sedona last year yet had spoken with her often. Anyone knowing Jackie knew that brief conversations were not in her vocabulary! Knowing Jackie had enriched our lives while humbling us seeing how she was able to maintain a positive attitude, acceptance and a fighting spirit in dealing with her physical challenges. Our hearts go out to her family who have lost so loved a daughter and sister. May they take comfort in knowing how special Jackie was to many.*

“ Jackie had many special "gifts." Knowing how to be a true friend was what defined our relationship. While we had only known each other for several years, we shared our thoughts, day to day experiences, concerns, and child hood memories, speaking to each other at least three times a day. This beautiful, fiercely independent, intelligent, capable, caring and persevering person made me feel special and with her passing has left a void in my life. I feel privileged to have known her. She will always hold a special place in my heart. May her family be comforted knowing how cherished and special she was.
