“ *Just learned of his passing...John's photo hangs in my daughters room holding my little girl when she was about 4 with his wife Dorothy and a few other Shriners. My Daughter Lily is a Shriners child and is now 13 and when we lived in Prescott Valley John always made my little girl and my whole family feel special & greatly loved. Because of this great man and his Shriner friends making her one of their family from 6 months old and on...my daughter walks. His memory will live in my family's life forever.*

“ *Jack was a friend and fellow Mason, member of the Bradshaw Mountain Shrine Club, an active participant in Clothe-a-Child. He and his Lady Dorothy were much fun to visit with at our luncheons and he got a real kick out of driving his "funny car" in Shrine parades. He will be missed very much by his many friends.*
