“ *I am so sorry Beulah. I tried to contact you to tell you that Bob passed away and found that John had also passed away. I can only hope that they see each other again. Both such good men.*

“ *Buelah and Richard,*
Our condolences on the loss of John. We always enjoyed his smile and friendship. I'm sorry I didn't stop by to see how he was doing. When somebody's always been your neighbor, I guess you always expect them to be there.
