“ Kurt's son Colten looks and acts so much like him. Every time Colt grows an inch or constructs something out of the junk he finds in my yard, I am reminded of Kurt. Kimber also has Kurt's inquisitive mind, as well as his sense of humor. If Sarcasm is a genetic trait, Kurt shared that with these beautiful children. I will always love you Kurt and cherish the time we spent laughing as silly things.

“ He was very smart and kind. Had so much fun 4 wheeling and playing cards. He always enjoyed helping when ever he could. We miss him very much. Gary and Dianne.

“ *I loved going to see him because vacations to Kurt's meant projects and lots of them, cars house, yard, nothing was out of bounds! I will miss getting to spend that time with you son!*

“ *I remember one day you escorted a patient with dementia to X-ray. He was very confused and was just talking away about mostly nothing either one of us could understand. You were just SO wonderful - you just kept talking with him and saying things like "really" and "then what happened" - he was having a grand time talking to you. He had absolutely no idea that he was not making much sense at all - what mattered most was he was talking to you and very content. Thank you for those moments Kurt - all your patience and assistance!!*
